Oregon Fruits and Nuts – Preliminary Estimates

Preliminary estimates show Oregon production for apples, sweet and tart cherries, pears, grapes for wine, hazelnuts, cranberries, and prunes and plums down in 2010. Estimates were made from data compiled from year-end grower, packer, and processor surveys. Final 2010 fruit and nut figures will be released on July 7, 2011 after additional surveys are conducted in May and June. Generally, weather conditions were not as favorable due to a wetter, cooler year.

Fruits and nuts: Production and value, Oregon and United States, 2009-2010
